Blue Ox BRK2019 Patriot 3	Had no problems with the order, was kept updated with delivery schedules, arrived without issues.	5	Edoardo C	Mesa, AZ United States	3/15/2022
On line	It was great talking to Tom as he directed me through what was good,bad,lawful,and the right set up for my tow vehicle. Great guy. Thank you Tom.	5	Dallas L	Grants Pass, OR United States	3/12/2022
Awsome transaction	Very simple and fast transaction. Good follow up after my purchase. Highly recommended.	5	Vincent D	Ogdensburg, NY United States	2/28/2022
Delta Force Brake System	Thanks, Tom, for helping me choose the proper system and providing me with technical guidance. I had to call Demco on a change to their breakaway switch wiring diagram and they were responsive and professional. Thanks to all.	5	Thomas J	Lake Havasu AZ	2/28/2022

Tom is the best!	I was searching all over the web for the components to flat tow my car behind my RV. When I called and talked to Tom. He helped me get everything I needed and even found a better deal! I haven't installed them yet but with Tom's help, I'm sure they're right!	5	Jamie P	McAllister, MT United States	2/21/2022

Anti sway bar 2021 chevy Silverado 3500	Fast delivery and one of the lowest prices I've found. I Highly recommend this place.	5	Evan K	Peoria, AZ United States	2/10/2022
Great service!! Had kit in stock. Fast service!	I purchased a new Ford Ranger in December. I was planning a trip to the Tampa RV show in mid January. The baseplate kit was on back order at the other places I checked. I called RVcampchamp and they found me one when no one else could and it was at a cheaper price!! I ordered it on a Monday and by Friday I had it installed and ready to roll. I also had them check to ensure no cutting on the vehicle was involved to install to baseplate. My Ranger is a Lariat with the FX4 package. To install baseplate just remove skid plate with 4 bolts then remove stock tow hooks two bolts each. Very easy job with minimal amount of tools. The only recommendation I would make is the Blue Ox baseplate kit angle brackets do not have nuts welded to them like the stock tow hooks angle brackets did. I installed Rivet nuts in the angle bracket holes to enable the stock bolts to be easily reinstalled. The baseplate is high quality and easy to use. RVcampchamp saved my trip!!	5	Bennett C	Walhalla, SC United States	2/10/2022
Didn't bolt on as Roadmaster said	I spoke with a Roadmaster tech support person who assured me this would bolt right on my 2020 Forest River travel trailer. After putting my trailer on jack stands and removing my entire trailer suspension I find out the replacement springs are 3 inches from bolting up. I now have a new suspension system that will not work unless I can get longer springs made or remove and reweld 4 hanger brackets on trailer. I specifically asked Roadmaster if there would be a problem because my torsion axles seemed to be farther apart. Again he assured me it would bolt right on. Beware they do not know what they are talking about. I still don't know what the best plan to address this is. MM, Thanks for the review, after reading the problem, we contacted Roadmaster and they will send a prepaid shipping label for you to return for a full refund. RVCC I know this is not your fault and have no problem with you. I do hope that review of this product helps someone else before they get into this dilemma. I would have no problem ordering from you again and am impressed that you addressed it without even asking you too. MM	1	MM	Newark, OH United States	1/28/2022
Excellent!	I am in awe of Tom and his customer oriented service and expertise. In this day and age I have become accustomed to mediocrity bordering incompetence from most transactions. Tom took an extraordinary amount of time with us and pushed for more information to be sure we got just the right piece of equipment. I also saved about \$160 over other competitors.	5	Gary L	Bothell, WA United States	1/28/2022

Product Blue Ox BX1147 Custom Baseplate 2021 JEEP	Great service fast shipping	5	C M	Bishop, CA United States	12/29/2021
Great customer service! Solid product!	Solid product I was able to install with minor drilling in 4 hours (with a second set of hands at times). Product seems well made, sturdy and I'm guessing it will last longer than my very old Rav4!	5		LAS VEGAS, NV United States	12/5/2021
Excellent baseplate. Highly recommend.	Roadmaster has a fantastic baseplate solution for these Jeep Grand Cherokee L Overland vehicles. Fit was perfect and precise and built super strong. And the folks at RVCAMPCHAMP were heroes in getting it for me. I can't recommend them highly enough. They CARE personally and will do what they can to take care of your needs. This is the way to go for the best base plate solution.	5	Carl S	Auburn, PA United States	12/2/2021
Great easy to use adapter.	For anyone with a Blue Ox towbar that desires to tow a Roadmaster base plate, these adapters make it painless. Very easy to install and use. And purchasing them through RVCAMPCHAMP is the best way to get them. These guys are the best!	5	Carl S	Auburn, PA United States	12/2/2021
Baseplate	I needed a baseplate fast . For a new vehicle and planned trip . After 2 other companies had told me it was in stock (and wasn't) I called camp champ . They did the phone calls to the suppliers before telling me they could get it. Mike was worried that it was only avail from one dealer. But assured me it was avail . Lol as he was worried about the supplier it was from . Turns out it was 50 miles from me and I received it the day after I had ordered it. This is a company that went above and beyond.	5	Lorie S	grass valley, CA United States	11/29/2021
Great product and service	I ordered the repair kit for my old Falcon 5250 which was not working properly and was very difficult to extend and retract the inner arms. I placed the order on the internet on a Sunday and to my surprise it arrived the following Tuesday. I had previously downloaded and printed the installation instructions to familiarize myself with what I was going to have to do. It was actually fun following the step by step instructions removing the old parts and installing the new. The tow bar is now painted and back together and works like new. Can't wait to hook up the car for our next trip.	5	BILL L	HENDERSO N, NV United States	11/18/2021

trailer tow bar part	Tom was the greatest, customer service could not be better. Above and beyond service !	5	Ashton C	Reno, NV United States	10/18/2021
Great customer service and fast delivery	Had trouble looking up my order number to check the process of it's shipping, called customer service line and spoke with a real human immediately. She was very helpful and assured me I'd get an email once it shipped, which I did. And it arrived 3 days after I ordered it, I selected the 7-day ground free shipping so I was pretty impressed by its quick arrival. Great company. Great product. Great experience.	5	Stephanie F		10/11/2021
Roadmaster 3108-1 baseplate 02/09 gmc Envoy	Service was great. Showed up in 3 or 4 days. Everything fit great. Was easy to install.	5		Arcola, SK Canada	10/5/2021
	The kit fit perfectly, went on just as the instructions described. The service was great, it showed up 4 days after ordering.	5		Arcola, SK Canada	10/5/2021
Wonderful service.	Fantastic response and even a personal call to assure me that the scarcity of my part was overcome with their digging it out of nowhere for me. I was in a bind and am really pleased.	5	James B	Bow, WA United States	9/29/2021
Stellar service	I had ordered my baseplate with another company. They had promised to ship the same day, so I ordered with them only to find myself 7 days later, still not shipped. So I call RVcampchamp and they sent it the next day and it arrived 1 day early.	5	Yves C	Blainville, QC Canada	9/25/2021
Great service	Wuicker than expected.	5	Yves C	Blainville, QC Canada	9/25/2021

Roadmaster RV Suspension	Very nice kit. Looks to be all high quality components. Would highly recommend buying from Rvcampchamp. Had great customer experience with them.	5	christopher	South Lyon, MI United States	9/8/2021
RV Camp Champ Came Through for Me!	I started looking for this baseplate so I could flat tow my Fiat Memorial Day weekend. Nobody could get it and I had several broken delivery dates. Finally, I reached out to Tom and he made sure it was properly ordered from Blue Ox. Delivery was close to the estimated ETA. Thanks Tom!	5	Bob C	New Castle, PA United States	9/5/2021
What I've been looking for	Finally a place that actually makes sense. They have assembled complete packages for the Newbie. I was lost at other sites on trying to assemble all the parts I needed for my TOAD. Everything was perfect and even though we had a mix up, it was corrected right away. The owner and staff are real people that truly care about their customers, a rarity in these times. I highly recommend them and will be shopping with them in the future. Thank you for taking care of me like family. I appreciate it.	5	Dieter R H	Raeford, NC United States	9/5/2021
Just What I Needed	I was becoming frustrated with finding the appropriate base plate for my jeep and any local company willing to help me with installation on short notice. I found RV Champs online and when I called I spoke to Tom, a real person with a small business mentality. I was expecting more of a corporate vibe. Tom new what I needed, found a distributor in the same state, and overnighted it to my house for around \$50. Next comes the install. I had some difficulty, but found help. Very long install later, I was ready to tow my jeep behind the RV. Well, here we are a week and 1 state later and the base plate is still in place! Thanks, Tom!	4	Mark L	Rathdrum, ID United States	8/28/2021

Blue Ox Breakaway Switch	Worked great with the Patriot Breaking system and the Flat tow system I have.	5	Lonnie W	Garden City, MO United States	8/6/2021
Battery Bypass switch	Again, once installed in the fuse box, works great to isolate the breaking feed and kills everything else.	5	Lonnie W	Garden City, MO United States	8/6/2021
Jeep wiring harness	Great and simple addition to use the factory lighting while in tow.	4	Lonnie W	Garden City, MO United States	8/6/2021
Off Road adapter	Had to return, external bumper loops are 1" but pin is 7/8" so hoping to get the right ones soon.	2	Lonnie W	Garden City, MO United States	8/6/2021
Base plate	I ordered a base plate through a different company and got a huge run around. So I went to RV camp champ and spoke directly with Tom he is a great guy and very honest. He said it may take a while and it did but he was very honest until I received the base plate. Thank you.	5	John A	Forestdale, MA United States	7/30/2021

Far exceeding the standard.	I had never heard of RVCC prior to this transaction, and my expectations were very high. My biggest concern about purchasing this baseplate for my toad was to get it here with enough time to get it installed and do a thorough shake down run. My worries were all but removed through the consistent communication from Tom about the shipping times and reminding me that if I have any issues to contact them. This line of communication was further reassurance that if I really had any issues with the item, that they would actually assist me. The item arrived a day later than Tom estimated, due to local delivery issues, undamaged. It was well padded and unharmed from it's 3000 mile trip across this country and fit so well that it is hardly noticeable on the vehicle. Over all this is a great product sold by an outstanding business and I will be continuing to use them as a source for my future RV needs.	5	john c	NC United States	7/22/2021

Chevol Equinox '10-'17 Tow Package w/ Alpha Towbar	Top of the line equipment that simplifies flat towing. When the removable arms on the bumper are taken off, the equipment is invisible. The tow bar folds against the RV bumper and is easier to attach to the car than a fixed towbar. Blue Ox was more expensive than other equipment, but its added features and easy hookups, make it worth it. My salesman was terrific!	5	Carol H	Mesa, AZ United States	5/22/2021

Camp Champ is the best!	I called up Tom as a last ditch effort to get a part delivered overnight. Even though he warned it might not get there overnight, he and his team went above and beyond. They not only ensured it shipped out within hours of my call, but also made sure it got to the delivery service quickly. The part arrived the next day. The Camp Champ saved the day and the installation went smoothly as scheduled. I can't thank Tom and his team enough. This is customer service at the highest level. I won't go anywhere else in the future.	5	Pat B	Pensacola, FL United States	5/21/2021

The professionals	Talk to a gentleman by the name of Tom George product knowledge was amazing willing to help over and beyond solved my problem in no time at all and receiving my items I was totally impressed. It worked exactly as he said it would. Three days of frustration was solved in a matter of minutes thanks to Tom.	5	Robert V	Rancho Cucamonga, CA United States	5/2/2021
Why you should have this system!!	I was explained the benefits of the system and was very comfortable with the sales person's explanation. This was what prompted me to order from RVchampchamp.	5	Miles P	Annapolis, MD United States	5/2/2021
Yikes, cutting steel skid plate blues....	Not installed yet, but a little concerned about the steel skid plate that will have to be modified after the bracket is installed. I would suggest designing tow attachments that could bolt to the steel bumper on these unlimited Rubicon's.	4	Miles P	Annapolis, MD United States	5/2/2021
	i received my hitch when they said at a very reasonable rate	5	Brian	Sidney, BC Canada	5/1/2021
	the hitch is first class an upgrade to what i had . RV cam-champ were first class to deal with, on time and at the best price, talk to Tom very accommodating	5	Brian	Sidney, BC Canada	5/1/2021
Patriot Supplemental Proportional Breaking System	The Best of the options, easy install, simple, plug and forget method, compact and simple to use.. Outstanding system.	5	Lonnie W	Garden City, MO United States	4/30/2021
Patriot Brake Protective Bag	Best way to keep all your parts, extra items together, perfect custom fit for the system , makes it easy to store when not in use.	5	Lonnie W	Garden City, MO United States	4/30/2021
Blue Oxcomplete RV Towing Package With Avail Towbar	Complete system, I personally purchased the Avail towbar system for the added 10kcapacity rating. Just in case I change vehicles or even if its the little Jeep.. I'm comfortable knowing my system exceeds the requirements. Best system on the market in my opinion. I got the total complete kits w upgrades and it was easy dealing with Tom. Truly knew his equipment and was a pleasure to work with.	5	Lonnie W	Garden City, MO United States	4/30/2021

	I could not find this BX3520 base plate for our Suzuki. We looked everywhere in Canada and the States, must of been a big sale on Suzuki toads. I called Tom Saturday, he was heading for a meeting but would call when done. As he said called, told him what I was looking for, and he was off. He called later saying can't find one yet but he's got a couple other warehouses to call not open on Sats. Tom called Tues morning saying he found the only one on planet earth. Bing, bam, boom, its on my porch. Tom is a man of his word,if you can't find it, let Tom try.	5	Ted R	Victoria, BC Canada	3/28/2021
